NHS PODIATRY CATALOGUE

 01484 641010

DLT Podiatry is one of the UK's longest established suppliers and manufacturers of podiatry products. Founded over 30 years ago and with a heritage in clinical practice, we aim to provide high-quality products at competitive prices. We distribute products from well-known brands including Berchtold, Susol, Clinell, Huntleigh, Gerlach and Plinth Medical and we also manufacture and distribute products under our own brand Podopro.

OUR CUSTOMER SERVICE TEAM

Our customer service team are available during our office hours: 8:30am - 5:00pm, Monday to Friday. They offer help and advice for any enquiries you may have—product availability, lead times and order tracking.

Call 01484 641010

Email sales@dltchiroprody.co.uk

OUR ACCOUNT MANAGERS

Our Account Managers are on hand to offer technical product information, product demonstrations and training. They offer guidance in selecting the perfect equipment to meet your requirements and provide quotations/bespoke pricing.

For the North call Steve on 07899 845474 or email steveharris@dltchiroprody.co.uk

For the South call Richard on 07553 345831 or email richard@dltchiroprody.co.uk

PRICING

All prices are shown exclusive of VAT and delivery. If you are considering multiple items bespoke pricing is available. Please contact our Customer Services or your Account Manager to arrange a quotation.

DELIVERY & INSTALLATION

Heavyweight surgery equipment is delivered by our in-house team. We can accommodate multi-site delivery drops if required.

SILICONE MOULDING PUTTY

PP20 silicone moulding putty is cost effective, soft and easily conformable yet very durable. It can be used for inter-digital wedges, toe separators, dorsal toe protectors and ortho-digital splints.

PP20 | £24.95 (ex VAT)

1. Measure equal quantities of part PP20-A and part PP20-B.

2. Mix both parts together in the hands for 1-2 minutes.

3. After 1-2 minutes, an even colour is achieved.

4. Form the mixture into the appropriately shaped device and leave in place to set for up to 4 minutes.

5. Ensure the orthotic is completely set before attempting to trim.

6. If necessary, the orthotic can be trimmed with a scalpel after setting.

7. Final smoothing can be completed using a drill.

8. The final orthotic is very strong and resists tearing, allowing the user to produce more complicated, longer lasting orthotics.

Our extensive range of competitively priced Podopro nippers includes fine pointed, general purpose, petite and diabetic friendly designs. View our best-selling nippers below.

ULTRATEC PD1CV VASCULAR POCKET DOPPLER

A small, lightweight, high sensitivity pocket doppler with fixed vascular probes. Perfectly suited as an entry level doppler for pressure index or routine vascular detection. Choosing a fixed 5 or 8 MHz vascular probe provides an ideal tool for routine vascular investigation, in ER or vessel location, for monitoring pulses and systolic blood pressure and also by the specialist in diabetes or dermatology.

- Unit is powered by a standard 9V battery which provides over 9 hours of continuous use.
- Audio signals are available to the user via the built-in loud speaker.
- Optional headset with output level controlled by rotary volume control.

PD1CV | £299 (ex VAT)

HUNTLEIGH

Based on over 30 years of experience in the field of vascular assessment, the latest generation of the world renowned Dopplex Hand-held Dopplers offer even greater performance, quality and reliability.

DMX DOPPLER UNIT

The Huntleigh DMX is an advanced digital doppler with visual waveform. Doppler sounds can be misleading, the DMX provides a visual waveform to accompany the sound to give visual confirmation that you are interpreting the sound correctly.

- High resolution colour display allowing waveforms to be displayed in high definition.
- Bi-directional waveform generated from the digital doppler spectrum with audio scaling features.
- Dynamic digital noise reduction significantly reduces background hiss for improved sound quality.
- Data can be stored on the micro SD card.
- Warranty: 3 years.

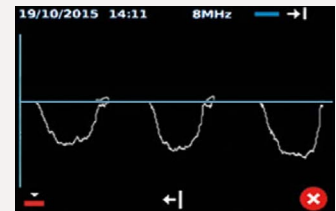

DIAGNOSE WITH CONFIDENCE

Doppler sounds can be misleading now with the accompanying waveform you can visually confirm that you are interpreting the sound correctly.

VISUALLY CONFIRM PAD

An early indication of PAD can be seen by loss of the reverse flow in the Doppler waveform from the lower limb.

VENOUS TESTING

A dedicated Venous Mode allows any reflux to be clearly visualised by the flow pattern above the baseline.

DMXR | DMX RECHARGEABLE (UNIT ONLY) | £728 (ex VAT)

DMX | DMX (UNIT ONLY) | £692 (ex VAT)

DIAGNOSTICS

The Ankle & Toe Pressure (ATP) Kit is a unique combination of the DMX Doppler, probes and accessories providing the Vascular, Diabetic or Lymphatic specialist with a system to aid the assessment of arterial disease and neuropathy.

- DMX digital doppler.
- Medical grade recharging kit.
- EZ8, 8mhz wide beam doppler probe.
- Appg probe and adaptor.
- Toe cuffs and inflater.
- Arm/ankle cuffs (standard and large/latex free).
- Trigger operated sphyg.
- Neuropen and box of tips (includes 10g monofilament).
- Educational CD.
- Large carry bag.
- DMX doppler warranty: 3 years.
- EZ8 probe warranty: 1 year.

ATPKIT | ATP KIT | £1,732 (ex VAT)

HUNTLEIGH PROBES

1 YEARS WARRANTY

VP5 PROBE

The Huntleigh VP5 probe is designed for oedematous limbs and deep lying vessels. Ideal adjunct to Easy 8 for ABPI measurements.

DOPROBE5 | £305 (ex VAT)

1 YEARS WARRANTY

VP8 PROBE

The Huntleigh VP8 probe is designed for the detection of peripheral vessels and calcified arteries.

DOPROBE8 | £305 (ex VAT)

1 YEARS WARRANTY

EASY 8 PROBE

The Easy 8 wide beam probe has been designed using innovative technology to produce a distinctly wide beam allowing easy location of vessels. Easier to maintain contact during inflation and deflation.

EZ8XS | £362 (ex VAT)

D900 DOPPLER

The D900 from Huntleigh is an audio only, non-directional doppler.

- Clear audio sounds of blood flow.
- Compatible with all Huntleigh high sensitivity vascular probes.
- When used with Easy 8 probe it is excellent for the infrequent user in locating brachial and pedal arteries.
- Audio output socket with headphones included.
- Enhanced battery management.
- Large carry bag.
- Warranty: 5 years.

D900 | D900 (UNIT ONLY) | £294 (ex VAT)

BERCHTOLD.

PODO-Q DUST EXTRACTION DRILL

The Podo-Q combines all the features required from a modern podiatry drill with the reliability and suction performance synonymous with the Berchtold brand. This quiet running drill offers high performance dust extraction from low-maintenance brushless motors with 3 levels of suction. The touch and slide controls are easy to operate and can be used while wearing gloves.

DB06 | OPUS DUST BAG (1) | £5.50 (ex VAT)

Clinell Rediair is an instant purification device, providing clean air where and when you need it. Capturing particulates, odours and 99.995% of airborne pathogens.

HIGH CLEAN AIR DELIVERY RATE
 Despite its small form factor, Rediair has an exceptionally high clean air delivery rate (CADR) of up to 600m³/h.

ULTRA QUIET
 Rediair is surprisingly quiet when in normal use. With its 4 modes of operation, Rediair is designed to decontaminate without causing distraction.

10x MORE EFFECTIVE THAN HEPA 13
 Two carbon composite HEPA 14 filters work in tandem with the dual centrifugal intake fans to capture particulates, odours and 99.995% of airborne pathogens.
